

COUNCIL OFFERS REWARD OF \$500 IN THOS. M. DODD CASE

MEMORIALIZE GOV. MANNING TO SUPPLEMENT THIS SUM WITH \$250

SPECIAL SESSION OF THE ALDERMEN

Held Yesterday Morning at 10 O'clock and Important Matters Transacted

(From Wednesday's Daily.)
At a special meeting of city council yesterday morning at 10 o'clock a number of matters were transacted, the most important of which was the adoption of a resolution authorizing Mayor J. H. Godfrey to offer a reward of \$500 "for the apprehension, with evidence to convict, of the person or persons who attacked and injured Thomas M. Dodd," the aged Confederate veteran, who died Tuesday morning at 12:10 o'clock, at the Anderson County Hospital, of injuries sustained when he was brutally assaulted late last Saturday afternoon, by a party or parties as yet unknown, in his little grocery shop on East Hampton avenue.

Ask State For Reward.
Council also memorialized Governor Richard I. Manning to supplement the reward offered by city council with one from the State of \$250. In adopting this resolution council made it known that the reward could not be collected by any State, county or city officers, whose duties contemplate the enforcement of the law and the apprehension of criminals. Up until a late hour yesterday no reply had been received from the governor, as he was out of the city. His private secretary wired back, however, that the matter would be placed before the governor upon his return from Charleston.

Text of Resolution.
Mayor Godfrey in calling the meeting of council stated that influential citizens had approached him and stated that they were looking to city council to take drastic steps to break up the lawlessness which has been

News From Seneca

White Man Killed by Train Saturday Night.

SENECA, Feb. 22.—Thomas L. Frederick, a white man, who lived at the Seneca mill village, was run over and instantly killed by a freight train on the Southern railway, near the Livingston wholesale house about 4:25 Sunday morning.

The train that did the fatal work was the north-bound freight No. 75, in charge of conductor E. C. Zuckery. The accident was first discovered by Flagman W. C. Brown. The freight train was shifting on the yards here and he had been seen by some of the train men and warned not to hang on to any of the cars, as they were likely to be moved. But he did not heed the warning, and in a few minutes after they were shifted his body was discovered by Flagman Brown, who states that death must have been almost instant, as he was dead when he found him. It is said that Frederick was under the influence of liquor. The inquest was held Sunday by Magistrate Hopkins and the verdict was in accordance with the above facts. The internment took place at Shiloh church yard. He was married and had three children.

Today is holiday at Clemson College and our town is gay with cadets. They are welcome even if they do have their fun.

Standard Remedy For Many Homes

Indigestion and constipation are two conditions closely related and the cause of much physical suffering.

The tendency to indulge one's appetite is general, so that most people suffer at some time or another from rebellion of the overtaxed organs of digestion and elimination. A simple, pleasantly effective remedy that will quickly relieve the congestion of poisonous waste and restore regularity, is the combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. This is a mild, pleasant laxative- tonic and digestant, absolutely free from opiates or narcotic drugs and has been the standard household remedy in countless homes for many years. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

23 REGISTERED FOR ELECTION TUESDAY

Dr. R. F. Dwyer Procured The First Certificate Issued.

(From Wednesday's Daily.)
The first day of registering for the special municipal election to be held on March 16 on the question of issuing \$100,000 of bonds for street paving purposes saw 23 registration certificates issued.

All wards of the city were represented among the applicants for registration certificates, and Ward 1 had a long lead over any of the others.

The distinction of procuring the first certificate goes to Dr. R. F. Dwyer. In applying for his certificate Dr. Dwyer gave his age as 75 years.

The certificates issued yesterday divided among the several wards as follows: Ward one, 9; Ward two, 2; Ward three, 2; Ward four, 2; Ward five, 2; Ward six, 4.

The supervisor of registration, T. P. Dickson, announced yesterday that the books of registration will be open from 9 a. m. to 4 p. m. at his office over the old postoffice building.

The qualifications for registering are as follows:

1. Production of a certificate of registration from the registration officer of the county as an elector at a precinct included in the city in which the voter desires to vote.

2. Residence in the State for two years, in the county for one year and within the corporate limits of the city at least four months before the special election on March 16th next, except that ministers in charge of organized churches and teachers of public schools shall be entitled to register and vote after six months residence in the State if otherwise qualified.

3. Proof of payment of all taxes State, county and municipal for the previous year. The receipt of the officer authorized to collect such taxes is conclusive proof of the payment of such taxes. The term "previous year" means the State and county tax for 1914, which is now being collected by the county treasurer.

It will not be necessary to have 1915 city tax receipts. Receipts issued by the city treasurer 1914 city taxes will be the ones required.

FLAT ROCK

On last Thursday, Feb. 18, 1915, at 3 o'clock, Mr. Warren Dunlap and Miss Mollie Branya were united in the holy bonds of matrimony by Rev. J. B. Herron in the presence of friends and relatives, at the home of the bride. The room in which the ceremony was performed, was beautifully decorated in ferns and trailing vines of ivy.

After congratulations, the guests were ushered into the dining room where a sumptuous old fashioned wedding supper was served by Misses Ouida Major and Eula Stuart and Mrs. W. M. McCrary.

Mrs. Dunlap, as Miss Branya, is a woman of many lovable traits of character. Mr. Dunlap is a progressive farmer of Iva, and is indeed very fortunate in winning such a bride.

MAY VOTE IN COLLISON AND TROY

New Precincts Provided For Voters in New County Scheme.

(From the Greenwood Journal.)
Voting precincts at B. C. Talbert's store in Troy township and T. B. Bell's in Callison township were provided by the General Assembly at its recent session through the efforts of Representative J. K. Durst.

This was done, it is said, in order that the citizens of Collison and Troy townships may have voting places in case the Supreme Court orders another election for McCormick county. It is intimated that such a decision may be reached by the court since the principal grounds of the contest are that the people of these two townships were not given the privilege of voting in the election last December.

If the court does not order another election it is likely the two new precincts will be abolished at the next session of the General Assembly.

EVANS TO GIVE UP PRESIDENCY AD CLUB

Believes Younger Men Should Have the Charge Of It.

Believing that the Anderson Ad Club should be made a department of the chamber of commerce with regular officers and small dues, to take over certain duties of the larger organization, and that it should be composed of younger men of the city, President D. O. Evans of this organization has tendered his resignation as the head of this organization, pending such an arrangement.

President Evans calls for a meeting of the Ad Club members for next Thursday night, at which time plans will be discussed for handling the work upon this basis and arrangements made for the initial monthly supper.

The letter of President Evans to Secretary Whaley of the chamber of commerce is as follows:

"I am very anxious to have the Anderson Ad Club made a department of the chamber of commerce with regular officers and small dues; to take over certain duties of your organization, such perhaps as the publishing of Aggressive Anderson, handling of various other matters, such as booth and baseball games, here between college teams, etc. I think it should be composed of the younger business men of the city. And I desire to have a young man elected as president, and therefore take this opportunity to hand in my resignation, pending such an arrangement."

I know it is the proper plan. I will ask you to call a meeting of the Ad Club members for Thursday night, February 25th, when we can lay plans for handling the work upon above basis, and arrange for initial monthly supper, etc.

CATARRH OF HEAD AND STOMACH

Took Peruna Five Bottles Cured Me

Mr. Frank Richter, No. 309 East Second St., Winona, Minn., writes: "My catarrh was principally located in my head and stomach. I tried many remedies without success. I tried several doctors, but they were unable to cure me. I read of Peruna in the papers, and five bottles cured me."

"As a remedy for catarrh I take pleasure in recommending Peruna for catarrh of the stomach. I know what it is to be afflicted with this awful disease and consider it my duty to say a word in behalf of the remedy which gave me such relief. Peruna cured me, and I know it will cure any one else who suffers from this disease. It gives me great pleasure to testify to the curative effects of this medicine. Peruna is a well tested and frequently used remedy, and for catarrh of the stomach it is unsurpassed."

As a rule, people when ailing apply very properly to a doctor before resorting to a ready-to-take medicine. The great majority are cured by the doctor. But a per cent. of chronic cases fail to find a cure and at last begin to use ready-to-take medicines. It is very noticeable indeed the number of people among our testifiers who say that it was only after the doctor had failed to cure them that they were induced to take Peruna. Then they find to their relief, to their surprise, to their joy, that Peruna is the remedy they should have taken at first.

GIRLS! GIRLS! YOU MUST TRY THIS! DOUBLES BEAUTY OF YOUR HAIR

For 25 cents you can make your hair lustrous, fluffy, and abundant.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle, or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forestalling itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

Army-Fortifications Bills Passed By Senate and House

(By Associated Press.)
WASHINGTON, Feb. 23.—Without a dissenting vote the senate today passed the army appropriation bill carrying approximately \$103,000,000, while the house passed the \$8,000,000 fortifications bill.

An all-day discussion of the national defense preceded the passage of the fortifications bill in the house. Representative Sherley, of Kentucky, in charge of the measure, declared there was no danger of American fortifications being destroyed by a hostile fleet; that the fleet of an enemy would not seek to reduce fortresses if it had control of the sea and would not waste ammunition shooting from a range of 21,000 yards.

Mr. Sherley admitted that there might be danger of bombardment of some cities, but insisted that the cost of fortifying all coast cities would be too tremendous to consider. Representative Mann asked why Great Britain and the Allies, having control of the sea, did not bombard German fortifications.

"It is a good deal better for them to undertake to bottle up Germany's fleet," replied Mr. Sherley, "and control avenues of trade than to risk going up against the German fleet and fortifications and with almost certainty that they would be unable to subdue them from the sea. In the Dardanelles it is different. They are there undertaking to attack those forts to get to a given place, but their success remains to be seen."

The house appropriations committee completed the general deficiency bill, the last of all the annual supply measures of congress. The estimates covered in the bill aggregate \$8,000,000, from which a considerable out was made. The bill probably will be reported tomorrow.

After disposing of the army bill the senate began consideration of the postoffice appropriation measure carrying \$317,945,600.
